

SATAC

INTERNATIONAL BACCALAUREATE

2018 | 2019 | 2020

SATAC

Tertiary entrance in South Australia and the Northern Territory
Information for students undertaking the International Baccalaureate Diploma in Australian schools

Welcome

International Baccalaureate

Welcome to the International Baccalaureate – Tertiary Entrance in South Australia and the Northern Territory booklet covering the years 2018, 2019 and 2020.

SATAC publishes this booklet annually on behalf of TAFE SA and the three universities in South Australia (Flinders University, the University of Adelaide and the University of South Australia) and Charles Darwin University in the Northern Territory.

It also includes entry requirements for some courses offered by CQUniversity Australia, Tabor College of Higher Education and Torrens University Australia.

The booklet presents detailed information about entry requirements for the coming admission year and highlights planned changes for the two subsequent years.

By providing information covering a three-year period this booklet provides assistance to students seeking to make appropriate subject choices in anticipation of tertiary study.

This booklet is designed to complement the booklet Tertiary Entrance 2018, 2019, 2020 which is published for the benefit of students completing the South Australian Certificate of Education (SACE) or Northern Territory Certificate of Education and Training (NTCET).

About this booklet

The purpose of this booklet is to provide information which will assist International Baccalaureate students, with guidance and assistance from counsellors in schools, to make subject choices and further study decisions. It:

- states the entry requirements under the IB Diploma for students wishing to enter undergraduate courses/programs in the next three years - 2018, 2019 and 2020
- gives general information about entry requirements for TAFE SA.

Finding the information you need

2018 TAFE SA entry

If you are applying for courses at any campus of TAFE SA [go to page 3](#) for information about Course Admission Requirements and selection processes.

2018 undergraduate entry

If you are applying for courses/programs at Flinders University, the University of Adelaide, University of South Australia, or Charles Darwin University in the Northern Territory, or selected courses at CQUniversity Australia, Tabor College of Higher Education or Torrens University Australia, to [go pages 4 and 5](#) for information about selection, eligibility, ranks, prerequisite and assumed knowledge subjects.

2019 and 2020 TAFE SA entry

[Go to page 37](#) for information about any changes that will occur in Course Admission Requirements for entry in 2019 and 2020.

2019 and 2020 undergraduate entry

[Go to page 37](#) for information about any changes that will occur in entry requirements, prerequisite and assumed knowledge subjects for entry in 2019 and 2020.

Sitting the IB in 2017

2018 tertiary entrance

2018 TAFE SA entry requirements

TAFE SA courses offered through SATAC have Course Admission Requirements (CAR) which all applicants must meet in order to be eligible for selection. CAR differ according to the level and type of course.

CAR in relation to secondary schooling are expressed by TAFE SA in terms of South Australian Certificate of Education (SACE) completion. For IB students, completion of the IB Diploma satisfies these requirements.

Course Admission Requirements

Courses may be considered competitive if there are limited places available, or non-competitive if all interested and qualified students will be accepted.

Admission requirements for competitive courses are either:

- satisfactory demonstration of reading, writing and numeracy skills by undertaking the Core Skills Profile for Adults (CSPA), or
- satisfactory demonstration of reading, writing and numeracy skills by undertaking the Core Skills Profile for Adults (CSPA) and satisfactory performance in an audition/written assessment/portfolio.

Most Certificate IV, Diploma and Advanced Diploma courses do not have any CAR, but some courses may require a lower level Certificate. SACE completion is a requirement for some courses.

There are no CAR for non-competitive Certificate I, II and III level courses at TAFE SA.

Students are required to demonstrate satisfactory reading, writing and numeracy skills as part of course counselling before enrolling in a TAFE SA course.

To qualify for the IB Diploma you must:

- complete one subject from each of the six subject groups with at least three subjects at higher level (HL)
- follow a Theory of Knowledge (TOK) course
- complete an Extended Essay (EE)
- engage in a program of extra-curricular activities to meet Creativity, Action, Service (CAS) requirements
- achieve a total score of at least 24 points
- meet any other IB Diploma requirements

Information about the CSPA and admission requirements for individual courses is available at www.tafesa.edu.au.

Selection into competitive TAFE SA courses

Where there are more eligible applicants for a TAFE SA course than there are places available, applicants are ranked in merit order for selection.

For courses requiring the CSPA, selection is based on the CSPA score. For courses with CSPA and an internal assessment component, selection is based on the internal assessment score.

Sometimes a course without CAR will have more applicants than places available. In these cases, selection will be based on earliest date of application.

2018 undergraduate entry requirements

If you are enrolled in the International Baccalaureate (IB) diploma in 2017, in order to be eligible for entry in 2018 to an undergraduate course/program you must qualify for the IB Diploma.

All applicants considered for entry to undergraduate courses/programs on the basis of results from the final year of secondary schooling are ranked using the Australian Tertiary Admission Rank (ATAR). The ATAR is an indicator of how well a particular student has performed relative to other students.

The table on [page 5](#) shows the relationship between IB points and the equivalent ATAR used for selection.

Details about prerequisites and assumed knowledge

The tables on [pages 7-36](#) show all undergraduate courses/programs offered in 2018, and any prerequisite and assumed knowledge subjects. These will help students to check their IB subjects against university course/program entry requirements. For a definition of the terms, [go to page 37](#).

Prerequisites

Some undergraduate courses/programs require students to have studied one or more specific IB subjects to a minimum standard in order to be eligible for selection into the course. These subjects are known as prerequisites. Unless otherwise stated, prerequisite subjects may be taken either at higher level (HL) or at standard level (SL).

In order to fulfil a prerequisite subject requirement, you must obtain a minimum grade of 3 if the subject has been taken at higher level (HL), or a minimum grade of 4 if the subject has been taken at standard level (SL).

IB Diploma

To qualify for the IB Diploma you must:

- complete one subject from each of the six subject groups with at least three subjects at higher level (HL)
- follow a Theory of Knowledge (TOK) course
- complete an Extended Essay (EE)
- engage in a program of extra-curricular activities to meet Creativity, Action, Service (CAS) requirements
- achieve a total score of at least 24 points
- meet any other IB Diploma requirements

Undergraduate selection

To be eligible for selection into a undergraduate course/program you must:

- successfully complete your IB Diploma
- obtain a minimum IB score of 24 points (your IB score is then converted to an equivalent Australian Tertiary Admission Rank (ATAR) (see table on page 6)
- fulfil any prerequisite subject requirements for the course

Assumed knowledge

Many undergraduate courses/programs recommend that commencing students have background knowledge in one or more specified subjects or have an identified skill which will enhance the student's understanding of the course/program content. This is known as assumed knowledge.

Assumed knowledge is not compulsory and is not used in the selection process for entry to undergraduate courses/programs. Statements of assumed knowledge are intended purely to assist students in understanding program/course content and to allow them to make subject choices which may be of benefit to them in their future tertiary studies.

IB to ATAR

IB points*	Equivalent ATAR
45	99.95
44	99.85
43	99.70
42	99.40
41	98.85
40	98.30
39	97.60
38	96.75
37	95.85
36	94.60
35	93.45
34	92.25
33	90.90
32	89.20
31	87.35
30	84.60
29	82.15
28	80.15
27	77.95
26	75.50
25	72.45
24	69.05

* IB points total (in the range 24-45), derived from the results gained in both Higher Level and Standard Level subjects and possibly augmented by bonus points based on the standard achieved in the Extended Essay and Theory of Knowledge.

Universities Bonus Schemes

SATAC administers two bonus points schemes based on rules provided by its member universities. The two schemes are the Universities Equity Scheme and the Universities Language, Literacy and Mathematics Bonus Scheme.

The Universities Equity Scheme awards 5 bonus points for eligible students, and the Universities Language, Literacy and Mathematics Bonus Scheme awards 2 or 4 points for eligible students. An individual student can receive a maximum of 9 bonus points under both schemes.

Any bonuses applied by the universities will be added to the university aggregate from which selection ranks are calculated. The selection rank will then be the ATAR which corresponds to the revised aggregate.

For IB students, SATAC calculates the equivalent of an ATAR based on their IB score. Bonuses are added to the corresponding university aggregate which is then converted to a revised equivalent ATAR.

Universities Equity Scheme

The Universities Equity Scheme will provide bonuses in two ways: bonuses for all students in certain specified schools and bonuses for individuals in other schools. Eligible students will receive five bonus points in the calculation of their selection ranks.

The Scheme will apply to all courses offered by Charles Darwin University, Flinders University, the University of Adelaide, University of South Australia, CQUniversity Australia, Tabor College of Higher Education and Torrens University Australia.

School-based bonuses

South Australian and Northern Territory schools attracting equity bonuses will be identified using criteria agreed to by SATAC's member universities which consider:

- schools' remoteness as defined under the Australian Standard Geographical Classification
- the 'participation rate' (the percentage of students in each school gaining an Australian Tertiary Admission Rank (ATAR))
- the mean ATAR achieved in each school
- schools' Index of Community Socio-Educational Advantage.

Interstate schools attracting equity bonuses will be identified using a subset of these criteria.

Schools attracting bonuses will be identified on an annual basis when data for all criteria becomes available. SATAC contacts all SA/NT schools each year regarding whether their students will be eligible for a schools-based bonus in the following year. The classification of individual schools may change from year to year.

Students will not need to apply for a school-based bonus — any such bonuses will automatically be applied by SATAC in the calculation of students' selection ranks.

Individual bonuses

Students in other schools will be able to make an application under the Scheme to demonstrate their individual disadvantage. Students will be eligible under the Scheme where, during the year they gain their ATAR:

- they or their parents are in receipt of a Commonwealth means-tested income support payment, or
- they or their parents are the holders of a Health Care or Pensioner Concession Card, or
- they are the holder of a School Card (under the Government of South Australia's School Card scheme).

Details of students who receive an individual equity bonus will be stored by SATAC so that they can receive their equity bonus in future applications (while they are still eligible to apply on the basis of their year 12 studies).

Application for individual bonuses

Students can apply for consideration under the Universities Equity Scheme when completing your 2018 Undergraduate application from the [SATAC website](#). Applications for the Scheme will not be available from the universities' websites.

Universities Language, Literacy and Mathematics Bonus Scheme

The Universities Language, Literacy and Mathematics Bonus Scheme encourages students to strengthen their preparation for undergraduate studies by undertaking a language other than English, or specified English and Mathematics subjects.

The Scheme will apply to all courses offered by Charles Darwin University, Flinders University, the University of Adelaide, University of South Australia, Tabor College of Higher Education and Torrens University Australia except:

Charles Darwin University

- 114831 Bachelor of Clinical Sciences/Doctor of Medicine

Flinders University

- 214941 Bachelor of Clinical Sciences/Doctor of Medicine

The University of Adelaide

- 314552 Bachelor of Medicine/Bachelor of Surgery
- 314553 Bachelor of Medicine/Bachelor of Surgery (Bonded Medical place)
- 324491 Bachelor of Science (Veterinary Bioscience)

The Scheme does not apply to courses offered by CQUniversity Australia.

In this Scheme, students will be awarded two points, up to a maximum of four points, for successfully completing a subject in any one of these four categories:

- A Group 2 Second Language subject
- English A Literature (SL or HL) **or** English A Language and Literature (SL or HL) **or** Literature and Performance (SL)
- Further Mathematics (HL)
- Mathematics (SL or HL)

Successful completion is defined as gaining a minimum grade of 3 if the subject has been taken at higher level (HL), or a minimum grade of 4 if the subject has been taken at standard level (SL). Because the Scheme is designed to encourage enrolments in these subjects rather than reward outcomes, no higher bonuses will be granted for higher achievement.

Years 11 and 10 in 2017

2019 and 2020 tertiary entrance

2019 and 2020 TAFE SA entry requirements

The TAFE SA Course Admission Requirements (CAR) are reviewed each year but will continue to recognise IB Diploma completion.

2019 and 2020 undergraduate entry requirements

The basic entry requirements for undergraduate courses/programs in 2019 and 2020 are the same as for 2018 ([go to pages 4–5](#)).

There will no doubt be changes to the courses/programs available but students can use the present list as a guide to assist them in their IB subject choices.

2019 undergraduate entry requirements

SATAC has not been advised of any changes to courses/programs for 2019.

2020 undergraduate entry requirements

The University of Adelaide is proposing to amend subject prerequisites for all Bachelor of Engineering (Honours) programs for 2020 tertiary entry. More information on these changes will be available by the end of 2017 from the [SATAC website](#) and the University's [Degree Finder website](#).

Abbreviations

ATAR	Australian Tertiary Admission Rank
CAR	Course Admission Requirements
CAS	Creativity, Action, Service
EE	Extended Essay
HL	Higher Level
IB	International Baccalaureate
NTCET	Northern Territory Certificate of Education and Training
SACE	South Australian Certificate of Education
SATAC	South Australian Tertiary Admissions Centre
SL	Standard Level
TOK	Theory of Knowledge

Terminology

Assumed knowledge

Background knowledge in a subject or an identified skill which is expected to enhance a student's understanding of the content of a given tertiary course/program.

Prerequisite

A subject in which a student must gain a specified minimum grade in order to be eligible for selection into the undergraduate course/program for which the prerequisite is nominated. Where a prerequisite can be met by a standard level (SL) subject a minimum grade of 4 is required. Higher level (HL) subject prerequisites can be met with a minimum grade of 3.
