

# Take the Lead

## **We show initiative**

We don't wait for others to give us direction or provide answers to our problems. Nor do we wait for others to ask for our help. We tackle problems head-on and take calculated risks in the pursuit of success. We are not afraid of failure – we view this as an opportunity to learn and improve.

## **We are progressive and create our own future**

We are forward-thinking and proactive. We engage in current issues, observe trends and strive for best practice. We embrace new opportunities and commit to forging our own path.

## **We show others what is possible**

We aim high in everything we do and constantly strive for better outcomes. Our actions and interactions inspire others to trust and follow us.
