

Introduction

The SATAC Bulletin Schools Edition is a newsletter for school staff and others who provide advice to future tertiary students.

Each edition of the Bulletin provides updates on SATAC services and admissions processes.

Contents

1. Counsellor Information Sessions
2. Student Information Sessions
3. SATAC Guide and Institution Publications

5. Institution Updates

Counsellor Information Sessions

SATIC will host its 2023 Counsellor Information Sessions both face-to-face and virtually. The sessions will be held on 20 and 22 June.

Introductory Counsellor Information Sessions will provide an opportunity for school staff and others new to the SATAC system and processes to gain an understanding of the basics and ask any questions you may have.

We will also hold separate Counsellor Information Sessions primarily aimed at those more experienced in their roles. Attendees will receive a refresher on the SATAC system and processes, as well as catch up on any changes. You will also hear from our participating institutions about a variety of updates.

Invitations, along with links to register, will be sent to schools in the coming weeks.

Places, particularly for face-to-face sessions, will be very limited. We recommend registering without delay.

Student Information Sessions

SATIC will hold information sessions in Term 3 for students in Year 12. These sessions will cover the SATAC application process, how the university aggregate and ATAR are calculated, adjustment factor schemes, scaling, and more.

A booking invitation will be sent to schools in the coming weeks. These sessions are always hugely popular and availability will be very limited, so please ensure that you book early to avoid disappointment.

SATAC Guide and Institution Publications

This year SATAC have integrated a QR code alongside each course entry to support digital and up-to-date course information. In line with this, whilst institutions have maintained essential information, the printed Guide will see a reduction of general information accompanying each course entry.

Order forms for the 2024 SATAC Guide and institution publications will be emailed to the principal and nominated primary contact at each school this week.

Please ensure that order forms are submitted by Friday, 19 May, and that only one order is placed for each school.

If none of the nominated contacts for your school have received the order form, please contact schools@satac.edu.au as soon as possible.

The delivery to schools is expected to be made between Wednesday, 28 June and Tuesday, 4 July. Neither SATAC, nor our distributor, can guarantee delivery on a particular day and, while every effort is made to ensure that deliveries are complete by the Wednesday, we recommend avoiding planning information events that are dependent on these materials during the delivery week.

mySATAC

On 24 April SATAC launched mySATAC – an intuitive, modern and streamlined application portal which nurtures an applicant's journey from interest to offer.

With a focus to significantly uplift the applicant experience, mySATAC leverages contemporary UX and new technologies, as well as an applicant research-based approach to design and process.

TAFE SA applicants are now able to apply through mySATAC, and from August 2023, undergraduate, postgraduate and International Year 12 applicants will also apply through mySATAC.

Institution updates

Updates from SATAC's participating institutions, including upcoming events relevant to school staff, students and parents.

University of South Australia

2023 Career Adviser Information Session

Friday 2 June 9:00am – 4:00pm
